Conference Venue

CoSME'16 is organized by *Transilvania* University of Brașov, Department of Manufacturing Engineering, Faculty of Technological Engineering and Industrial Management, and will take place in "probably the most beautiful city of Romania".

Surrounded by the peaks of the Southern Carpathian Mountains and impressive by its Gothic, Baroque and Renaissance architecture, and also wealth of historical attractions, **Brașov** is one of the most visited cities in Romania. Founded by the Teutonic Knights in 1211, Brașov exudes a distinct medieval ambiance like many other places from surrounding area, such as the famous **Bran Castle** (known as the *Dracula Castle*).

Brașov, the capital of the Brașov County, is located in the heart of Romania, in the region of Transylvania. It is one of the most important cities of Romania from economic, cultural, and academic point of view.
